ANNUAL REPORTS

OF THE

OFFICERS

OF THE

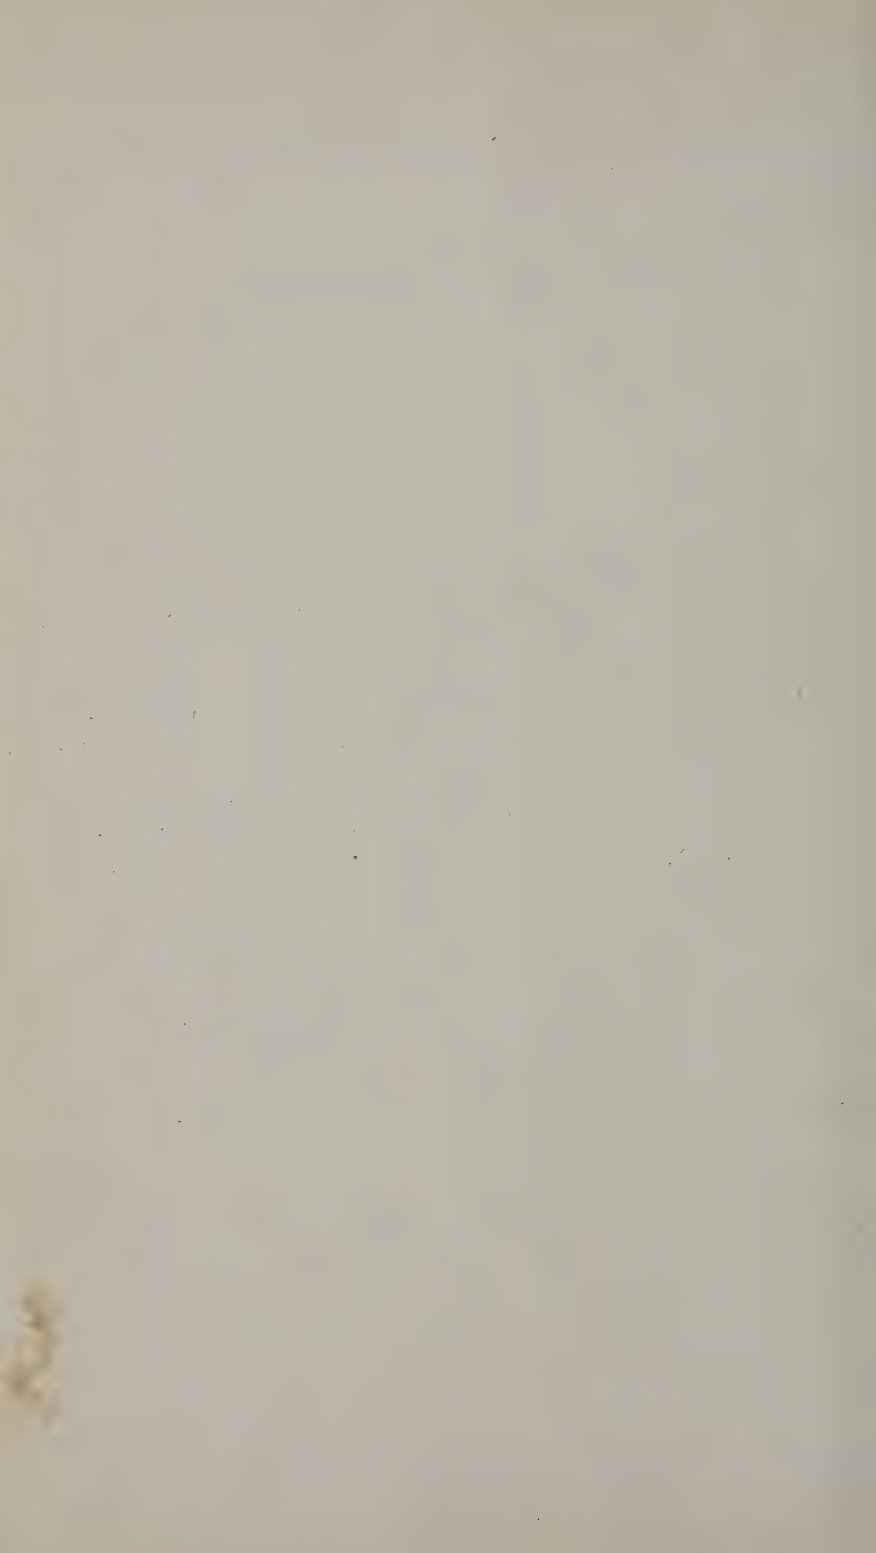

TOWN OF BURLINGTON,

FOR THE YEAR 1880.

WOBURN :

ANDREWS & CUTLER, PRINTERS, 161 MAIN STREET.

1881.

REPORT OF THE SELECTMEN.

Fellow Citizens:

Upon the examination of the reports of the different departments for the financial year 1880, we find, first, from the Treasurer that he has received during the year \$10,574.57, and in the same time he has paid out \$7,272.40, these amounts being about one-fifth less than those of the last year. The State Tax was increased three-fold or \$290—more than last year; the County Tax was increased slightly, or \$9.10 in excess; taking the “valuation” cost the town, \$555.50. We also paid the balance due on building the new house at the Town Farm, amounting to \$994.25. These amounts added to the cost of furnishing the new Town Farm House, amounting to about \$240, make a total of extra outlay for the year \$2,088.85. The net amount of Town Debt is rather more than double the amount of last year, which is not surprising when the extra outlay for the year is considered. The Collector reports a balance against him March 1, of \$444.39. There has been expended on the Roads and Bridges \$1,143.24, leaving an unexpended balance of \$56.76, and there was \$330.60 expended for breaking roads and removal of snow. In accordance with the Statute we have examined the guide boards and find them generally in good condition. We would recommend that the sum of \$2,500 be raised and appropriated for the care of the Poor, pay Town debts and incidental expenses for the year ensuing.

In consequence of the great loss of furniture and bedding, by the fire we were obliged to expend a large amount of money to properly furnish the present house, thereby causing a great increase in the expense for supporting the House and Farm. As the house is now furnished, it will not require any outlay for a long time unless an accident should occur.

As far as the management of both house and farm is considered, we are perfectly satisfied that all was done that could be done, and all was well done.

S. E. FOSTER, *Librarian.*

We, the Library Committee, were very fortunate in again securing the services of Miss Foster as librarian. Having the charge of the library as long as she has, and, of course, being thoroughly acquainted with every detail at all connected therewith, we were not surprised upon examination to find it in good order, the books well cared for, and according to Miss Foster's report, well used, only about the usual number out of repair during the year. We can hardly expect less when we take into consideration the number of times handled, and the different people who handle them. The circulation this year exceeds even that of last year; the number of patrons has also increased, proving that the library instead of losing in interest, is rapidly increasing. This is owing partly to the addition of new works this last year, forty-six (46) new volumes of first-class literature having been placed on the shelves last Spring. In this connection we would like to speak of the complete dearth of Encyclopedias and United States Histories. This we claim should not be, especially as there has been calls for them both lately; taking this into consideration then, also the fact that the young people of our village are becoming interested in the Library, we would recommend that one hundred (100) dollars be appropriated for books only, the coming year, exclusive of Librarians salary. The supply of catalogues is also entirely exhausted.

Respectfully submitted,

REPORT OF THE SELECTMEN.

Fellow Citizens :

We take pleasure in congratulating with you for the sound financial condition in which the Town stands to-day. The net amount of Debt has not been so small for a great number of years (nearly thirty), as was stated by the Auditors. It will be found upon examining the Treasurer's Account that he has paid \$3,996.75 on notes and interest, for which he was paying 6 per cent., and that he has borrowed \$3,500 at $4\frac{1}{2}$ per cent., thereby making a great saving. The Holden, Loreda Reed, and Samuel Sewall (Trustee) notes have been discharged, and there are but two notes remaining. The Auditors report that there is three thousand six hundred and sixty-two dollars and sixty-four cents (\$3,662.64) in the treasury ; they also report the gross amount of debt to be four thousand six hundred and sixty dollars and twenty-five cents (\$4,660.25), and the true assets to amount to four thousand five hundred and seventy-six dollars and seventy-five cents (\$4,576.75), leaving a balance against the Town of eighty-three dollars and fifty cents (\$83.50). It has been remarked that it is unwise to keep such a balance in the treasury when we are paying interest on borrowed capital. Why not pay off the debts? If we stop to consider, we will perceive that it would not be quite wisdom to do so. Suppose for a moment that the treasurer should pay out all of his balance this month, he will not receive any more money until some of the tax is col-

lected in, say October. Well, now the roads want to be taken care of, the schools must be taught, and workmen and teachers must have their pay before that time, so it is positive that the treasurer would be obliged to borrow money to carry on the Town affairs, if he should pay out all of his balance. The Auditors report that the Treasurer has received \$13,-305 68, and has paid out of that amount \$9,643.04, leaving a balance in the treasury as stated above. The Highway Surveyors report that they believe they have expended their appropriation (\$1,200) to the best advantage possible, and they have exceeded the amount by \$45.66, but by giving the credit for the unexpended balance of the last year, \$56.76, it more than covers the outlay. The great amount of snow on the roads has cost the Town \$296.65, being in excess of last year, \$14.50. The Collector reports that he has been very successful and is indebted to the town for the balance of \$657.36, Feb. 22, 1882, out of the commitment, \$5,825.69. The Cemetery Committee report that they have expended \$18.00 for labor, leaving an unexpended balance of \$57.00. We have furnished the supper-room in the Town Hall, with a cooking stove and stools, at a cost of \$31.15, for the better accommodation of the parties using it; we have also credited the hall with rent of Library room and storage of weights and measures. The Treasurer has received from the Janitor, \$45.50; expenditure for service of janitor, stove, stools, &c. \$65.35; adding the credit for rent, \$38.50, leaves a balance in favor of the hall of \$18.65. The Library Committee report an expenditure of \$78.02; appropriation and fines, \$80.98, unexpended balance, \$2.96. The expenditures for the Farm were \$111.35 less, and the receipts \$7.68 in excess, of that of last year. The amount expended for Outside Relief reached the sum of \$314.85, but some portion of this amount will be refunded. The School Committee report an expenditure of \$1,439.00; receipts, \$1,547.63; leaving an unexpended balance of \$108.63.

We wish to call your attention to a matter of some importance. The School Committee have informed us that the sills of the West School-house are completely rotted, and the floor of the room badly worn; so much so that it will be necessary to relay it. Also, that the floor of the basement of the Centre School-house is decayed, and needs a new one. The Committee suggest that it would be judicious to have it concreted; also, if the West School is to be new silled, that the building be moved back from the road. As this work would require considerable of an outlay, it will be necessary to make an appropriation for this special work. We would recommend that the town appropriate \$2,000 for incidental expenses, and from \$300 to \$500 for the school-houses.

In accordance with the statute we have examined the guide-boards, and find them in very fair order, with the exception that they all need painting.

On the 25th day of August last, Otis Converse, an old and well-known resident of the Almshouse, suddenly left us, and we have not been able to trace him or make any discovery in regard to his whereabouts. We have advertised and made strict enquiries, but have had no return or tidings of him yet, and we seriously think that he must have become bewildered in a strange locality and perished.

REPORT OF LIBRARIAN AND LIBRARY COMMITTEE.

FOR THE YEAR ENDING MARCH 1, 1882.

At the annual Town Meeting held March, 1881, it was voted to appropriate the sum of seventy-five dollars for the support and maintenance of the Library for the ensuing year.

The following matter is the correct standing of the Library :

Whole number of volumes in the Library,	1,401
Whole number of pamphlets,	137
Circulation in 1880,	2,309
Circulation in 1881,	2,464
Increase in 1881,	155

The largest circulation was during the month of April, when 244 volumes were delivered.

The following are the books and pamphlets presented to the Library during the year, viz: 1 volume Catalogue of Mass. State Library, 1880; 1 volume Board of Education, Mass., 1879-80; 1 volume "from a Friend;" 1 volume Report of Commissioner of Education, Washington, 1879; 1 volume Report of Board of Health, Mass., 1880; 1 volume on Registration, 1880; 20 volumes of Emanuel Swedenborg's works, presented by the American Swedenborg printing and publishing society, New York City; 1 pamphlet Congressional Directory, 1881, from Hon. S. Z. Bowman; 6 pamphlets Bureau of Education, 1880-81.

Added by appropriation, 52 volumes, History, Fiction, Travels, &c. 1 volume purchased with fine money.

Amount of appropriation,	\$75 00
Amount received from fines,	3 35
Unexpended balance from last year,	2 63

\$80 98

EXPENDITURES.

The books are in good condition, and have needed less repairing than usual, and the interest in the Library is still increasing. Twenty-five patrons over the number last year, have added their names to the list this year.

We would respectfully recommend that there be an appropriation made for Catalogues, as the supply is entirely exhausted, and the number of volumes has increased nearly two-fold since the last catalogue was printed; therefore we would recommend that the Town appropriate one hundred and fifty dollars, for the support and maintenance of the Library, and to furnish a New Catalogue.

Respectfully Submitted.

REPORT OF THE SELECTMEN

Fellow Citizens:

We offer for your consideration the following report of the condition of the Town for the year ending Feb. 22, 1883.

The Auditors report that the Treasurer has received from various sources, the sum of \$10,102.46, and has disbursed \$6,633.95, leaving a balance in the Treasury of \$3,468.51. The gross amount of Town Debt, is \$4,460.25, and the amount of assets are \$4,873.88, leaving a balance in favor of the Town of \$413.63.

The Highway Surveyors report that they have exceeded their appropriation (\$1,200.00) by \$79.57, less unexpended balance of last year (\$7.90), leaving the excess \$71.67.

The Cemetery Committee report that they had an unexpended balance from last year of \$57.00, and they have paid for labor \$39.00, leaving an unexpended balance of \$18.00.

The Treasurer has received from the janitor of Town Hall, \$68.25; this amount with the credit for rent of Library room, and storage of Weights and Measures (\$38.50) makes the receipts from the Hall \$106.75, less the expenses \$37.34, makes the net receipts \$69.41.

The Collector reports that he has received and paid out \$4,637.16, leaving a balance against him of \$1,109.86.

The Library Committee report an expenditure of \$94.69. Appropriations and fines \$105.00, leaving an unexpended balance of \$10.32.

The Overseers of the Poor report that their expenditures amounted to \$1,311.77, this amount being \$28.08 less than last year, and the receipts (\$1,080.50) being \$165.39 in excess of last year.

The amount expended for Outside Relief was \$429.00, being \$114.15 in excess of the last year.

The School Committee report an expenditure of \$1,383.00 against \$1,415.36 received, leaving a balance of \$32.36; they also report that they have expended for repairs as follows:—Repairing East School House \$391.00, and for all others \$61.05, making a total of \$452.05. The School Committee suggest that it would be judicious for the Town to make an appropriation (same as the last year) of \$500.00 for repairing School houses.

We would recommend that the Town appropriate the sum of \$2,000.00 for incidental expenses, pay town debts, care of poor, &c., \$1,200.00 for Roads and Bridges, and \$500.00 for repairing School Houses.

In accordance with the statute we have examined the guide-boards, and by having had some new ones made and others repainted, we can pronounce them in good order, and they will last some time longer.

S. E. FOSTER, *Librarian.*

LIBRARY COMMITTEE REPORT.

We, the Library Committee, have examined the Library and find it in excellent order and condition, and the interest taken is increasing every year.

We labor under some disadvantages yet, and that is in regard to a catalogue. The patrons wish to have a copy at their homes, so that when they visit the library room there will be no delay in calling for the volume they require; therefore we would recommend that there be an appropriation for catalogues, and we would recommend that the town raise the sum of one hundred and fifty dollars (\$150.00) for the support and maintenance of the library.

Respectfully submitted,

CHARLES G. FOSTER,
JOHN W. HUTCHINSON,
MARSHALL WOOD,

Library Committee.

REPORT OF THE SELECTMEN.

Fellow Citizens:

We offer for your consideration the following report of the financial condition of the Town for the year ending February 28, 1884.

The Auditors report that the Treasurer has received from various sources, \$10,355.68, and has disbursed \$6,718.80, leaving a balance in the Treasury of \$3,636.88. The gross amount of Town Liabilities is \$4,452.50, and the assets amount to \$5,126.45, leaving a balance in favor of the Town of \$673.95.

The Highway Surveyors report that they have exceeded the appropriation by \$170.39.

The Cemetery Committee report that they have an unexpended balance of \$66.00.

The Treasurer has received from the janitor of Town Hall \$87.50, from which amount deduct the expenses, leaving the amount in favor of the Hall, \$57.69.

The Overseers report that their expenditure amounted to \$1,776.97, and the receipts to \$1,024.19.

The amount expended for Outside Relief was \$401.46.

The School Committee report an expenditure of \$1,381.12, for tuition, fuel and care of rooms, against \$1,424.90 received, leaving an unexpended balance of \$44.78. They also report that altering and repairing West School building cost \$451.33, and for all others, \$29.25.

We would recommend that the Town appropriate the sum of \$2,000.00 for incidental expenses, pay town debts, care of poor, &c., \$1,200.00 for Roads and Bridges, and \$500.00 for repairing School Houses

In accordance with the Statute, we have examined the Guide Boards and consider them in very good condition.

Book,	1 00	
Fuel and Teaming,	2 90	
Salary,	30 00	\$35 32
Unexpended balance on hand,		\$26 45

The books still continue in good condition notwithstanding the severe handling to which they are subjected. A number of new names were added to the list of patrons the past year, although no new works were purchased; this also accounts for the small increase in circulation, many of the patrons refraining entirely from reading, as they "know the books by heart." The boys really need some new books on travels, hunting, &c., which we hope a large appropriation this coming year, will enable your committee to purchase and place on the shelves.

ANNUAL REPORTS

OF THE

OFFICERS

OF THE

TOWN OF BURLINGTON,

FOR THE

YEAR 1884.

WOBURN:

ANDREWS, CUTLER & CO., STEAM BOOK AND JOB PRINTERS.
1885.

REPORT OF THE SELECTMEN.

Fellow Citizens:

We offer for your consideration the following report of the financial condition of the Town for the year ending March 6, 1885.

The Auditors report that the Treasurer received from various sources, \$10,819.32, and has disbursed \$8,122.74, leaving a balance in the Treasury of \$2,696.58. The gross amount of Town Liabilities is \$4,452.50, and the assets amount to \$4,641.21, leaving a balance in favor of the Town of \$188.71.

The Highway Surveyors report that they have expended \$1,080.13, leaving an unexpended balance of \$119.87. Appropriation \$1,200.00.

The Cemetery Committee report that they have expended their appropriation and 26 cents in excess. Appropriation \$250.00.

The Treasurer has received from the janitor of Town Hall \$78.00, expenses \$52.99, leaving a balance of \$25.01, add credit of rent of Library room and storage of weights and measures \$38.50, leaves the amount in favor of the Hall \$63.51.

The Overseers of the Poor report that they have expended \$1,859.29 with a credit of \$1,152.92, leaving the net expense of the Farm of \$706.31. There has been expended for Outside Relief \$543.31, being \$142.85 in excess of last year.

The amount of \$73.80 was expended for the removal of snow, but some of the demands date back to 1883-4.

The School Committee report an expenditure of \$1,358.84 for tuition, fuel and care of rooms, against an income of \$1,511.07, leaving an unexpended balance of \$152.23 for the school year 1884-5. Amount expended for repairs on all of the School Houses \$859.46.

In accordance with the Statutes we have examined the Guide Boards and consider them in very good condition.

We would recommend that the Town appropriate the sum of \$2,000.00 for the support of the poor, pay town debts and for incidental expenses, and \$1,200.00 for care of Roads and Bridges.

Whole amount of Tax assessed,	\$5,549.88

REPORT OF THE SCHOOL COMMITTEE.

The School Committee of the town of Burlington herewith respectfully submit their report of the several schools for the year ending March 20, 1885.

At the annual meeting held March 19, 1884, the town voted to appropriate the sum of eleven hundred (\$1,100) dollars for the support and maintenance of the schools for the year ensuing, viz : For tuition, fuel and care of rooms.

The town also voted to appropriate the amount received from the county for dog licenses for the support of the schools.

ASSETTS.

Amount of town appropriation,	\$1,100 00	
Amount received from dog licenses,	103 01	
Amount received from school fund,	308 06	\$1,511 07

EXPENDITURES.

Amount paid for cleansing and care of rooms,	45 00	
Amount paid for fuel and teaming,	71 84	\$1,358 84
Unexpended balance,		\$152 23

The number of schools kept during the year was five. Four of these were kept three terms each or thirty-six weeks each, and one was kept one term of thirteen weeks, making an aggregate of one hundred and fifty-seven weeks or thirty-nine months and one week.

There were four female and ~~two~~^{one} male teachers employed during the year.

The number of persons in the town on the first day of May, 1884, between the ages of five and fifteen, was one hundred and twenty-three.

The number of persons in the town on the first day of May, 1884, between the ages of eight and fourteen was sixty-two.

The number of persons who attended school during the year over fifteen years of age was six. Under five, one.

The whole number who attended school during the Summer term was one hundred and two. Average attendance eighty.

The whole number who attended school during the Fall term was eighty-nine. Average attendance, seventy-six and one-third.

The whole number who attended school during the Winter term was ninety-two; average attendance, seventy-six.

NORTH SCHOOL.

Miss M. Carrie Lawrence, teacher during the year.

Average membership, $16\frac{1}{3}$.

Average attendance, 15.

Number of scholars under five, none.

Number of scholars over fifteen, none.

Number of scholars between eight and fourteen, 10.

Length of terms, 36 weeks.

ROLL OF HONOR.

The following named pupils were not absent or tardy during the Spring term.

Julia A. Bennett,	Orray Skelton,
Webster Bennett,	Bertha L. Wood,
Enma Ingram,	Frank Foster.

Not absent or tardy during the Fall term.

Julia A. Bennett,	Gertrude L. Carter,
Stella Endicott,	Marietta Endicott,
Bertha L. Wood,	Orray Skelton.

Not tardy, Spring term.

Bertha Wood,	Harold Bennett,
Webster Bennett,	Chester Carter,
Fred. Foster,	Frank Foster,
Walter Foster,	Orray Skelton,
	Bertie Staples.

This school was taught through the year by Miss Lawrence, who took very great pains to make the school a success, and we are satisfied that she succeeded. Notwithstanding the inclemency of the weather and the prevailing epidemic, her scholars held firm as the record will show. Average membership, sixteen; average attendance, fifteen, which we consider an excellent record.

This school room is in a very bad condition, the plastering, floors, windows and shutters especially are crumbling in decay. Your committee suggest that it would be judicious to sell the old building to the highest bidder and build new; at all events it should be attended to in the Summer vacation, if not before.

SOUTH SCHOOL.

Mr. Arthur W. Wood, teacher Spring term.

Mis Florence A. Rice, teacher Fall and Winter terms.

Average membership, 18 2-9.

Average attendance, 14.

As there has been a misunderstanding and misapprehension regarding the necessity of, and the expense attending, the repairing of this school-house, your committee respectfully offer the following explanation :

We visited and thoroughly examined the building inside and out. We found inside that the plastering overhead was dark, badly cracked and in one place a portion had fallen down, the floor uneven and full of holes, the windows old, loose and rattling, admitting more cold air than we would stand in any of our houses, the roof leaking, discoloring the curtains, and the room presenting a most gloomy appearance. We concluded that something must be done to remedy this condition ; we thought it could be done for \$400.00 ; we commenced it, the result being an almost new school-house, superior to any in town, attractive and pleasing. It has that which no other school-house in town has, viz : paper under the floor and under the clapboards, making the room nearly air-tight ; the ventilation is superior to any thing of the kind in town and is completely under the control of the teacher and worthy of inspection. This is the only school in town that has not been closed on account of sickness of the scholars.

In visiting the school since the repairs were made, we found a marked improvement, the scholars bright and prompt, no drowsiness, comprehending quickly, everything about the school room indicating progress. Your committee feel satisfied that they have furnished a school-house which need only to be examined to be appreciated. Fellow-citizens, please examine this building and give us your verdict. We have faith to believe it will be favorable.

Below we give a statement of the expenditures.

This school has been under the management of Mrs. Curtis the last seven years and during all of this time the school has been progressing each year in advance of the last. There never has been a teacher in this town that took more pains or labored more diligently for her pupils than this lady and she has the proud satisfaction of knowing that she was thoroughly appreciated by pupils, parents and committee.

CENTRE SCHOOL.

Mr. Arthur W. Wood, teacher.

Average membership, 15 3-20.

Average attendance, 13 1-4.

Number of scholars over fifteen years of age, 5.

Number of scholars between eight and fourteen, 8.

Length of term, thirteen weeks.

This is the third term of Mr. Wood as teacher in our schools. His judicious management and great care of the South School encouraged us to engage him to teach the advanced classes at the Centre School. The school was not as large in numbers as we wished, nevertheless there was enough to try his ability to teach the higher grade; he proved to our satisfaction that we made no mistake in promoting him. Unfortunately, the season was stormy and very disagreeable, and in addition, an epidemic breaking out in town caused a decrease in numbers and in attendance. Three weeks before the allotted term expired, the teacher had an attack of dip-

theria, which caused a necessity to close the school, much to our regret. During the thirteen weeks of which the term consisted, the scholars were attentive, prompt and ambitious. We caused a percentage of correct recitations to be taken during the term and the result was ninety-five per cent., much to our gratification. We can safely say that the school was a success.

There has been but one change of teachers the past year. Mr. A. W. Wood at the close of the Spring term, notified the Committee that he wished to retire from the charge of the South School, and we placed Miss Florence Rice in his place. Mr. Wood left the school in excellent condition, which made it much more agreeable for Miss Rice, as this was her first attempt at teaching. At the close of the year we were satisfied that the school had lost nothing by the change. Miss Rice bids fair to become a successful teacher.

We have no case of truancy or extreme bad conduct to report, the scholars generally have been very orderly in behavior, both in and out of the school room.

The epidemic prevailing in the town and the very severe weather of the last season caused a falling off in attendance. All of the schools made excellent progress throughout the year and the percentage of correct recitations was superior to that of the last year. We noticed with great pleasure that the list of visitors was greatly increased the past year.

In conclusion we will add that we believe that teachers and scholars did their best to make the schools successful in the results.

Respectfully submitted,

MARSHALL WOOD,
THOMAS I. REED,
CHARLES G. FOSTER,
Committee.

Fellow Citizens:

We present for your consideration the following statement of the financial position of the Town for the year ending March 5, 1887.

The Auditors report that the Treasurer has received from various sources, \$10,870.29, and has disbursed \$8,348.92, leaving a balance in his possession of \$2,521.37.

The gross amount of Town Debt, with the estimated outstanding demands, is \$4,452.50, with assets amounting to \$4,702.41, leaving a balance of \$249.91 in favor of the Town.

The Highway Surveyor reports that he has expended \$1,504.86, appropriation \$1,200.00, unexpended balance of 1885, \$319.11, making in all \$1,519.11, leaving unexpended balance of \$14.25.

The Overseers of the Poor report that they expended \$910.28 with a credit of \$323.46, leaving balance against the Farm of \$586.82.

There has been expended for Outside Relief, \$496.55.

The School Committee report an expenditure for tuition, fuel and care of rooms, \$1,479.50, against the receipt of \$1,624.95, leaving an unexpended balance of \$145.45. Amount expended for repairs, new stoves and other supplies \$22.21.

In accordance with the Statutes we have examined the Guide Boards and consider them in fair condition.

We would recommend that the Town appropriate the sum of \$2,000.00 for support of the poor, pay town debts and incidental expenses.

REPORT OF THE SELECTMEN.

Fellow Citizens:

We present for your consideration the following statement of the financial position of the Town for the year ending February, 24, 1888.

The Auditors report that the Treasurer has received from various sources, \$9,786.20, and has disbursed \$8,152.77, leaving a balance in his possession of \$1,633.43.

The gross amount of Town Debt with the outstanding demands, is \$4,452.50, with assets amounting to \$4,308.36, making the net amount of debt, \$143.94.

The Highway Surveyor reports that he has expended for labor \$1,203.67, being \$3.67 in excess of appropriations.

The Overseers of the Poor report that they have expended \$1,396.58, with a credit of \$754.72.

There has been expended for Outside Relief, \$518.76.

There was expended for repairing the North School House \$710.41.

The School Committee report an expenditure for tuition, fuel and care of rooms, \$1,268.75, against the receipt of \$1,435.97, leaving an unexpended balance of \$168.21. Amount expended for repairs and supplies, \$27.11.

In accordance with the Statutes we have examined the Guide Boards and find them (with four exceptions, which are now being put in order) in very good condition.

We would recommend that the Town raise and appropriate the sum of \$2,000.00 for support of the poor, pay town debts and incidental expenses.

Whole amount assessed, \$5,278.64

The Cemetery Committee chosen for 1887, late in the season when put in charge of the Cemetery, found upon entering on their duties that apparently the first thing to be done, was to lay out avenues and grade them. In order to do this we procured the original plan, and after carefully studying it, we found that the main avenues were laid out twenty feet wide, and the cross avenues ten feet wide. The plan also specifies that when a lot borders on an avenue, two feet shall be allowed in all cases for a border. Owners of lots will please take notice that, where their lots border on an avenue, that they are entitled to two feet outside the staked line for

a border. This leaves the carriage way of the main avenue sixteen feet wide and the others six feet wide.

While the grading injured some of the lots to a more or less extent, it is to be hoped that the owners will realize the need of having a grade established and alter their lots to conform to it.

Your Committee also respectfully recommend that the avenues passing the Frothingham lot be extended so as to allow teams to pass down and out at the gate. We would also suggest that shade trees be set out in the vacant space on either side of the main avenue leading from the gate. In carrying out the above plans at the discretion of the succeeding committee, we would recommend that the sum of one hundred and fifty (\$150.00) dollars be raised for the year 1888.

Respectfully,

A. S. WOOD,
J. K. WOODMAN,
C. E. MARION,
Cemetery Committee.

There have been two changes in the schools during the year.

At the end of the Spring Term of the North School Mrs. Snow, the teacher, informed the Committee that on account of sickness in her family, she declined taking the school again. At a special meeting the town voted to repair the school-house, and it was not finished in season to have a Fall session of the school. Miss Alice L. Dwyer, of Watertown, was appointed to the charge of the school for the Winter term.

At the close of the Fall term of the East school Miss Winn, the teacher, resigned her position, and Miss Carrie F. Nichols of North Woburn, was appointed to take charge of the school for the Winter term.

At the opening of the school year it became evident to the school committee that in order to improve our schools, more thorough work should be done. Accordingly, at the first meeting of the board it was voted not to close the schools on stormy days by the signals given in Woburn, for many of the pupils could not hear them at their homes and went to school as on other days, incurring the discomfort of the storm and

the loss of a day's instruction. Also, it is believed by the best educators, that children play out in the storm when away from school, and expose themselves more than by going to school, where our teachers have been very careful to have their rooms well warmed to protect their pupils from danger from colds.

A teacher's meeting was held early in the year, where the principles of teaching and educational matters were discussed and an increased interest awakened in the welfare of our schools.

Mr. John T. Prince, agent of the Board of Education, visited four of our schools on Feb. 6, 1887, and gave a lecture at the Centre school-house on the afternoon of the 7th, which was filled with valuable suggestions, several of which have already been adopted, and more would have been had it not been so late in the year. We hope his visits here may be often repeated.

The teachers deserve great credit for the untiring efforts which they have put forth to do more thorough work in their classes. In some cases it has been rather up-hill work, for, we are sorry to say, some scholars (we hope the number is becoming less every year) cherish that now obsolete idea of getting through the book at the sacrifice of doing the work well; better that this idea be laid away with last year's almanac.

Another very serious hindrance to the best work of the pupil is irregularity of attendance. In order to realize more fully the magnitude of this evil, a few cases are cited. In the Spring term, when the going was good, we find 17 pupils who were present 343 days in the aggregate, and absent 677 days. This was brought about by one of the two following reasons: not entering at the beginning or leaving before the end of the term, and being absent one, two or three days at a time during the term. It must be evident to all that these could have done but very little work. Still these scholars

clamor to go on with their classes at the beginning of a new term. The above we know are extreme cases, yet we find 17 more absent from ten to fifteen days in the same term, and 15 in the Winter term. While we have an excellent class of teachers who have worked very hard to promote the welfare of their pupils, yet they have had to contend against this disadvantage. The committee feel warranted in believing that the good judgment of our citizens will remedy this drawback in the education of our children.

While we may appear to have upbraided you in this matter, yet we wish to thank you for the interest which you have taken in the schools. Some have visited the schools not merely to be entertained, but to see how your child was getting along, and what you could do to assist in educating it. Others have co-operated with the teachers in other ways equally useful to the child. Also for the words of sympathy and kind feelings which you have extended to the teachers and committee.

While the schools may not have come up to your ideas of perfection, yet we feel that they have made commendable progress during the year.

S. SUMNER SHEDD,
CHAS. G. FOSTER,

REPORT OF THE SELECTMEN.

Fellow Citizens:

We present for your consideration the following statement of the financial condition of the Town for the year ending March 1, 1889.

The Auditors report that the Treasurer has received from various sources, \$9,536.78, and has disbursed \$7,733.83, leaving a balance in his possession of \$1,802.95.

The gross amount of Town Debt with estimated outstanding demands, is \$5,162.50, with assets amounting to \$4,809.97, making net amount of Town debt, \$352.53.

The Overseers of the Poor report an expenditure of \$1,855.70, with a credit of \$1,353.63.

The Highway Surveyor reports that he has expended \$1,309.92 ; appropriation \$1,300.00.

There has been expended for Outside Relief, \$408.24.

The School Committee report an expenditure of \$1,310.00 for tuition, fuel and care of rooms, against the receipt of \$1,422.55.

In accordance with the Statutes we examined the Guide Boards and found them in a very bad condition. We have made a thorough renovation by setting some twelve or fourteen new posts and repainting all old boards and putting new boards where we deemed necessary, and as far as we know they are in excellent condition all over the Town.

We would recommend that the Town raise and appropriate the sum of \$2,000.00 for the support of Poor, pay Town Debts, and incidental expenses.

EMMA F. WOOD, *Librarian.*

Your Committee find, on examination, all of the books in use in good condition, and all accounted for. The interest, especially among the younger members of the community, is greatly on the increase.

We respectfully recommend that one hundred dollars be appropriated for the support and maintenance of the Library for the year ensuing.

MARSHALL WOOD,
JOSEPH F. RICE,
CHARLES G. FOSTER,
Library Committee.

TOWN WARRANT.

Commonwealth of Massachusetts.

MIDDLESEX, SS.

*To either of the Constables of the Town of Burlington in
said County,* GREETING :

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Burlington qualified to vote in Elections and in Town Affairs to meet at the Town Hall in said Burlington on Monday, the tenth day of March, at twelve o'clock noon, then and there to act on the following articles, viz :

ARTICLE 1. To choose a Moderator to preside in said meeting.

ART. 2. To choose all necessary Town Officers for the ensuing year, the Selectmen, Assessors, Overseers of the Poor, and Highway Surveyors to be voted for separately on one ballot.

ART. 3. To choose one person to serve on the School Committee for three years.

ART. 4. To hear and act on the report of the Auditors of Accounts, Overseers of the Poor, Highway Surveyors, and Library Committee.

ART. 5. To hear and act on the report of the Selectmen in relation to Guide Boards.

ART. 6. To choose a Library Committee for the year ensuing.

ART. 7. To determine what amount of money the Town will raise for the support of Schools for the year ensuing.

ART. 8. To determine what amount of money the Town will raise for the support of Highways and Bridges for the year ensuing.

ART. 9. To determine what amount of money the Town will raise for the support of the Poor, pay Town Debts, and for Incidental expenses for the year ensuing.

ART. 10. To determine what amount of money the Town will raise for the support and maintenance of the Library for the year ensuing.

ART. 11. To determine what amount of money the Town will raise for the Cemetery, and to choose a Cemetery Committee, or do or act anything in relation to the same.

ART. 12. To see if the Town will authorize their Treasurer to hire money in anticipation of taxes, under the direction of the Selectmen.

ART. 13. To determine what method the Town will adopt for the collection of their taxes the current year, and to choose a Collector, if the Town shall vote to choose one.

ART. 14. To see what compensation the Town will give the Collector of Taxes the current year.

ART. 15. To see what time the Town will have their taxes collected and paid into the Treasury, or do or act anything in relation to the same.

ART. 16. To see what disposition the Town will make of the money received of the county for Dog Licenses.

ART. 17. To vote by ballot, Yes or No, on the following question, "Shall licenses be granted for the sale of intoxicating liquors in this Town the ensuing year."

ART. 18. To see if the Town will choose a janitor for the Town Hall, or do or act anything in regard to the letting of the hall, or care of the same.

ART. 19. To hear and act on the report of the committee on the preparing the cellar for the barn at the Town Farm, or do or act anything in relation to the same.

And you are directed to serve this Warrant by posting attested copies thereof, seven days at least before the time of holding said meeting, one at the Meeting-House, one at the Post-Office, one at the store of Tebbetts & Getchell, and one at the store of J. C. Haven, in this town.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk, on or before the time of holding said meeting.

Given under our hands this twenty-eighth day of February, in the year one thousand eight hundred and ninety.

SAMUEL SEWALL,
GEORGE L. TEBBETTS,
GEORGE H. BENNETT,

Selectmen of Burlington.

A true copy. Attest:

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF BURLINGTON,

FOR THE

YEAR ENDING MARCH 14, 1891.

WOBURN :

ANDREWS, CUTLER & CO., PRINTERS, 385 MAIN STREET.
1891.

Report of the School Committee.

The School Committee of the Town of Burlington herewith respectfully submit their report of the Schools for the year ending March 14, 1891.

At the annual Town meeting, held Monday, March 10, the Town voted to raise and appropriate the sum of one thousand dollars and the amount received from the County for Dog Licenses, one hundred and nineteen dollars for the support and maintenance of the Schools, viz: Tuition, fuel and care of rooms for the ensuing year.

Amount of appropriation,	\$1,000 00	
Amount received from Dog Licenses,	95 46	
Amount received from School Fund,	306 24	
Unexpended balance, March 14, 1891,	116 15	\$1,517 85

Amount paid for tuition,	1,330 00	
Amount paid for fuel and teaming coal,	80 43	
Amount paid for care of rooms,	64 00	
Amount paid for cleansing rooms,	8 00	1,482 43
Balance,		35 42

The number of Schools kept during the year was five. Four of these were kept thirty-six weeks each and one was kept fourteen weeks, making an aggregate of one hundred and fifty-eight weeks, equal to thirty-nine months and two weeks.

There were four female and one male teacher employed during the year.

Your committee has fully examined the Superintendent's report, which we present to you, and is satisfied with it, as it proves to us, that he has performed his duties with ability and perseverance. We are, moreover, further satisfied that his attention and advice has been of very great benefit to teachers and pupils, and another year with his services, will make a material change in the progress and attendance of the scholars of this town.

Respectfully submitted,

CHARLES G. FOSTER,
WILLIAM H. WINN,
ALBERT S. WOOD,

Committee.

Report of the Superintendent of Schools.

Gentlemen of the School Committee:—

The first annual report of the Superintendent of Schools is respectfully submitted :

The first part of the year was employed in observation, to acquaint myself with the schools. Little could be done until I had learned the condition of each school and the influence which surrounded it. Also, it was necessary for the teachers to become familiar with my presence so that they could continue their work naturally while I was visiting their schools. The children, too, must become accustomed to my ways so that they will freely enter into any work undertaken with them. Even now some of the children are so shy that it requires considerable tact to get them to talk readily.

These obstacles have hindered very much the harmonious working together of superintendent, teachers and pupils. As we all become better acquainted and more fully understand each other the real results of school supervision will appear.

The teachers of the North, South, East and West Schools have continued with us during the entire year. This has been of great benefit to the pupils as nearly all changes of teachers retard somewhat the progress of the schools. The same difficulties mentioned at the beginning of this report must be met by every new teacher. What the committee said in last year's report concerning these teachers can be

endorsed this year. While all the teachers are doing good work, they differ considerably from each other. One teacher infuses more animation into her scholars; another has a happy faculty of interesting her pupils in their work; another in addition to the regular school work, is instilling into her pupils the habit of performing those little acts of kindness and politeness which enters so largely into life.

The superintendent's work is to so direct the efforts of the teachers that these differences will gradually disappear. Their faults will be overcome and their work in all directions become equally effective. These results cannot be obtained at once, yet a beginning has been made, the fruits of which will certainly appear. In fact, one teacher has improved, very noticeably, during the past year. The rapidity of advancement depends entirely upon the relations existing between superintendent and teacher.

Mr. H. W. Kirmayer, a graduate of the Bridgewater Normal School, is teaching the Centre School this term. He certainly has the elements of a successful teacher. He is earnest, enthusiastic and devoted to his work. The animation which he carries into the schoolroom, is imparted to the pupils. Great advancement ought to be made by the scholars this term, and those who do not can blame no one but themselves.

SALARY OF SUPERINTENDENT.

Questions are sometimes asked with reference to the cost of this supervision. It is costing \$11.40 a month or \$136.80 a year. But the state pays to the town in May \$97.70. One-half of this amount goes towards paying the teachers, the other the superintendent.

The absolute cost of supervision this year will be \$39.10.

ATTENDANCE OF CHILDREN IN THE SCHOOLS.

I desire to call the attention of the people to the change in the statutes with reference to the attendance of children

in the schools. They have been amended and read as follows :

“Every person having under his control a child between the ages of eight and fourteen years, shall annually cause such child to attend some public day school in the city or town in which he resides, and such attendance shall continue for at least thirty weeks of the school year if the schools are kept open that length of time, with an allowance of two weeks’ time for absence not excused by the superintendent of schools or the school committee and for every neglect of such duty the person offending shall, upon the complaint of the school committee, or any truant officer, forfeit to the use of the public schools of such city or town a sum not exceeding twenty dollars ; but if such child has attended for a like period of time a private day school approved by the school committee of such city or town, or if such child has been otherwise instructed for a like period of time in the branches of learning required by law to be taught in the public schools, or has already acquired the branches of learning required by law to be taught in the public schools, or if his physical or mental condition is such as to render such attendance inexpedient or impracticable, such penalties shall not be incurred.”

The statistics which follow are compiled for the Summer, Fall, and two months of the Winter term, closing with the month ending January 30, 1891.

Even a very cursory review of them will show that there is a great difference in the attendance of the pupils in the several districts. This is one of the differences, previously mentioned, which we hope to remove.

* When a pupil enters school he is "enrolled" in the register of that school. Should he move to another part of the town, or attend another school he is not "enrolled" again during the year; otherwise some pupils would be counted twice, and our register would show more pupils in school than there are children in town, *e. g.*: the Centre School has had twenty-nine pupils enter this term, but as twenty-four of them have previously attended some one of the other schools, we place only five names on the enrollment page. The enrollment page is entirely distinct from the record of attendance.

ROLL OF HONOR.

REPORT OF THE SELECTMEN.

Fellow Citizens:

We present for your consideration the following statement of the financial condition of the Town for the year ending March 7, 1891.

The Auditors report that the Treasurer has received from various sources, \$10,674.36 and has disbursed \$9,622.17, leaving a balance in his possession of \$1,052.19.

The gross amount of Town Debt with estimated outstanding demands is \$6,149.72, with assets amounting to \$4,274.45 making net amount of Town Debt, \$1,875.27.

The Overseers of the Poor report an expenditure of \$2,589.44, with a credit of \$2,122.78.

There has been expended for Outside Relief, \$244.26.

In accordance with the Statute made and provided, we have examined the Guide Boards throughout the town and pronounce them in perfect order and regularity.

We would recommend that the Town raise and appropriate the sum of \$2000.00 for the support of the Poor, pay Town Debts and Incidental Expenses.

EMMA F. WOOD, *Librarian.*

Your committee find, on examination, all of the books in use in good condition (except the wear) and all accounted for. The increase of subscribers the past year is an excellent proof that the interest in the Library is not declining.

We respectfully recommend that one hundred dollars be raised and appropriated for the support and maintenance of the Library for the year ensuing.

MARSHALL WOOD,
JOSEPH F. RICE,
CHARLES G. FOSTER,
Library Committee.

ERRATA.

In the "Financial Report in Detail," see the account of S. Sewall. \$12 of the amount credited to "error in tax account for 1888," should be to the credit of 1887. Also \$12.28 printed for 1889, should be credited to 1888. Also \$1.00 of the \$18.04 in same department for tax error, should be credited to 1889.
